OIL, GAS AND HYDROCARBON LEASE APPLICATION - REJECTED STATUS CONFIRMED JB

SLA 382, 384

The above numbered applications were rejected October 15, 1979 with reason the State does not own mineral rights on the land. Subsequent evidence shows that contrary to their intent, the State Department of Agriculture did acquire mineral title to these lands in conjunction with a range development loan. Nevertheless, the Agricultural Department intends to quit claim mineral rights on these lands back to the loanee and requests that a lease not be issued; therefore, upon recommendation of Mr. Blake the Director ordered the rejected status of the above numbered applications be confirmed for that reason.

GEOHERMAL STEAM LEASE APPLICATION - REINSTATED
-- CORRECTION OF DIRECTOR'S MINUTES, SEPTEMBER 10, 1979 JB

ML 37216 - Geothermal--SLA 386

The above numbered application was rejected September 10, 1979, with reason that the lands described are not State land. It has been learned, however, that such lands, with mineral rights, do belong to the Utah Dept. of Wildlife Resources; therefore, upon recommendation of Mr. Blake, the Director reinstated this Geothermal Steam lease application with the stipulation that this application be reinstated as SLA 386 and the application be held in suspense pending a forthcoming opinion as to whether geothermal resources are a mineral resource or a water resource.

METALLIFEROUS MINERALS LEASE APPLICATION - FILING FEE REFUNDED JB

MLA 36930 - Metalliferous Minerals.

The above numbered application was rejected June 18 for reason of conflict with ML 36103 metalliferous mineral. At the time of application, however, 36103 had been erroneously transposed onto the new plat books as an oil and gas lease thus indicating that the lands were open for metalliferous minerals lease. Because of this error in the plat books, MLA 36930 metalliferous mineral was submitted in good faith; therefore, upon recommendation of Mr. Blake, the Director approved the refund of the filing fee.

RELINQUISHMENT OF BUILDING STONE LEASE AND RELEASE OF BOND JB

ML 36291

Lessee of the above numbered lease has submitted a letter stating that he desires to relinquish the above numbered lease and to have released the bond which was posted for proposed operations on the land.

Upon inspecting the leasehold, everything was in order and thus upon recommendation of Mr. Blake, the Director approved this relinquishment and the bond CD #6139, Bank of American Fork, \$3,300.00 deposited with the State Treasurer be released to the lessee. All other fees and rentals paid to be forfeited to the State.
